

A black and white photograph of a man, Pierre, standing on a stage. He is wearing a dark t-shirt and dark pants, and is looking towards the camera with his hand near his chin. To his left is a small table with two chairs. The background is dark, and the lighting is focused on him and the furniture. The word 'pierre' is written in a white, cursive font in the top left corner of the image.

pierre

TECH REQUIREMENTS

PLEASE READ CAREFULLY, THESE ALLOW PIERRE TO DO THE BEST JOB POSSIBLE FOR YOUR EVENT.

- A projector and or screens
- Pierre uses PowerPoint and a Mac if required to use his own.
- Some presentations do require audio, please let us know if audio is not possible.
- A country-man-style microphone (one that fits on the speaker's head). Handheld or podium mics do not allow for the best experience.
- Bluetooth clicker (Pierre will also bring his own)

EXTREMELY IMPORTANT:

- Pierre needs to be able to see the **PRESENTER VIEW** of the presentation from the stage.
- If a comfort monitor is used, **please let the AV crew know** that it needs to show the **PRESENTER VIEW** and not the current slide. This may require additional setup from the crew, so it is best to notify them in advance.
- If no comfort monitor can be provided then a **long enough HDMI cable for both audio and video** that can reach the stage so that Pierre can use his Mac on top of a small cocktail-style table.
